---

Are you an OEF/OIF/OND or 1990–1991 Gulf War Veteran? VA is working on a new Airborne Hazards and Open Burn Pit Registry that will include a web-based questionnaire for you to report health concerns, exposures, and more. You may submit comments through August 5, 2013. Go to the [Federal Register notice](#) to learn more about the registry and how to comment.

To learn more about airborne hazards and what VA is doing to respond to Veterans' concerns, visit [www.publichealth.va.gov/exposures/categories/air-pollutants.asp](http://www.publichealth.va.gov/exposures/categories/air-pollutants.asp).
